NAZEER NATIONAL SCHOOL

TOUCHING THE HIGHEST HEIGHT ...

From The
Manager's
Desk

*When educating the minds
of our youth we must not forget
to educate their hearts.*

Well, Primary Education plays a pivotal role in an individual's career and intellectual development. It works as a solid foundation for successful secondary & higher education and subsequent life stages.

In addition to high quality academic, life at NNS provides a variety of opportunities for all round development of a child through music, sports, debates, quizzes, social involvement and cultural activities. The activity periods, which are organized once a week provide an opportunity for students to display their creative ability to develop their interest and build confidence.

I must mention that I am proud to have a team of well talented and dedicated teachers who are experts of their respective subjects. They are the real assets of the institution.

I wish to thank students, parents, teachers and administration as well as qualified and well talented staff. I am sure that my people would surely maintain the culture of excellence and flourish over a period of time. I wish all the best and pay thanks to all of you for being the part of NNS family.

"Happy learning and Happy career building"

Manager
Shafique Khan

Message from Principal's Desk

"An investment in knowledge pays the best interest"-

Benjamin Franklin

Today, the role of school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. At Nazeer National School, we provide an atmosphere to our students for multi faced development, where children are encouraged to channelize their potential in the pursuit of excellence. This can only be possible in a holistic, student-centric environment.

Learning is not progress limited to schools and colleges only, nor does it end with conclusion of one's school career. It is indeed a lifelong process. This school is oriented to the total formation of a child and to adaptation of various methods suiting the dynamics of changing world in order to achieve common goals and objectives. It is further characterized by shared vision-responsibilities and above all, love and faith in God in order to achieve these goals.

Dear students, it is my message to you all that the people of good character live by their values. They are honest and are committed to truthfulness, word and deed. True character thus encompasses the capacity for self-discipline.

Character creates self-respect, which in turn leads to high self-esteem.

Maturity is reflected in all aspects of character- the decision we make, the friends we choose and the responsibilities we accept. Always remember to uphold the dignity of people. Be always ready to give preference to other. What you are is God's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you. Always keep in mind that it is not in the stars to hold our destiny but in ourselves.

With warm wishes and Almighty's blessing!

Reena Mishra
(M.A. B.Ed.,)
Principal

Nazeer National School

Our Presence Today

Nazeer National School has been founded in the year 2019 with the object of imparting modern education to all children without any distinction of gender, race, caste, religion, creed and social status, so that all children can grow up together in a healthy environment of quality and mutual respect.

N.N.S. believes in imparting value based education to all its students. Empowerment to each child at every level by meeting the spiritual, intellectual and emotional needs of the child is what we strive for.

The institution conducts classes from Nursery to Class VIII and presents its students to the CBSE pattern certificate examinations.

NNS is situated at Nazeerganj, Vishunapur, 38 km. in north west direction from Gonda. It provides residence to its teaching staff who wants to stay near the school premises.

"Everybody is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid."

- Albert Einstein

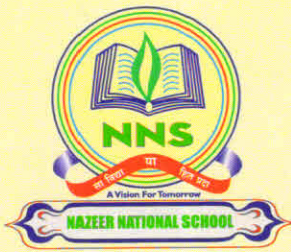

Smart Classes

Quality of education is an essential requisite in today's competitive environment. Technology has affected us in every aspect. It discusses the smart class as a modernized method of education in Indian education scenario which provides quality education to the students by helping them in better concept formation, concept elaboration, improvement in reading skill and academic achievements. New methods of teaching are known as smart class. It uses institutional material, 3D animated modules and videos. The concept of digitalized classroom has not only made education interesting but a chance to students to enhance their performance.

A smart classroom is a classroom that has an instructor equipped with computer and audio-visual equipment, allowing the instructor to teach using a wide variety of media. These include smart interactive white board, DVD's, PPT's and more all displayed through a data projector. Smart class is a digital initiative of EDUCOMP, which is rapidly transforming the way teachers teach and students learn with the help of school curriculum. Smart classes bring in technology right next to the blackboard for teachers in the classroom. This makes learning an enjoyable experience for the students while improving their overall academic performance in the school.

Computer Lab

Technology benefits us in every aspect of life. With computer education, an essential part of modern-day living, it has become the priority of the school to make students and teachers computer experts. The school has Computer lab accordingly for Primary, Middle & Senior sections' syllabus with 40 computers to equip the students with technical education. Special courses on animation, graphic designing etc., apart from regular syllabus are imparted. The labs maintain- Student computer ratio. It not only helps students to learn computer but also guide them how to utilise technology effectively to attain the maximum performance.

Language Classes

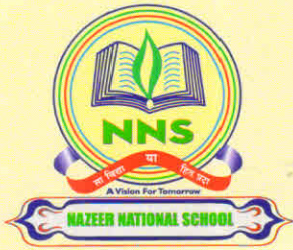

"Languages are the pedigree of nations" - Samuel Johnson

The school provides language classes as an additional subject for students who are interested in learning languages.

A language depicts a culture and which in turn is the reflection of the society and its people. We are committed to the social grooming of our students. A well equipped language club provides the necessary springboard to the students to overcome any inhibitions and sets them to exchange their ideas and views freely.

The children, through planned programmes, develop listening and speaking skills. Stress on pronunciation, accent, voice modulation and vocabulary helps the child master languages like English, Hindi, Sanskrit and Urdu & Arabic.

Activities

We help our students to sharpen their life skills by offering various optional activities and sports.

1- Phonetics & Reading : The classes are conducted to enhance the pronunciation and vocabulary skills of students.

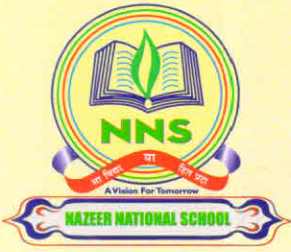

2- Elementary & Drawing Classes : The school conducts art and drawing classes for the students that give an added advantage to them.

3- Indoor Activities: Carrom, Chess, Badminton, Puzzles and Drama.

4- Outdoor Games: Football, Kabaddi, Cricket Throw Ball, Kho-Kho, Race and Ring Dance Etc.

5- Educational Tour : The school arranges tours and trips for the students to let them enjoy and refresh their minds twice in a year.

Co-Curricular Activities

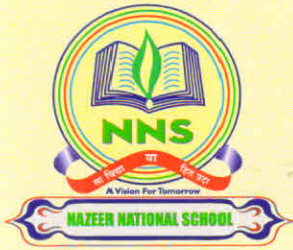

ART & CRAFT

One such activity is art and craft, which plays a vital role in cognitive development and learning in kids. Through engaging in various art forms, such as drawing and painting, children develop essential cognitive skills such as problem-solving, critical thinking, and decision-making. We organise such types of activities every week. For the purpose of inspiration and encouragement, students are honored by Principal time to time. To make the child creative and multi-tasking is our ultimate motto, and in this, such type of activities play a crucial role.

DANCE

Dance is more than exploring different ways to make a shape or learning a series of steps to music; it is a way of moving that uses the body as an instrument of expression and communication. Through dance, students learn teamwork, focus, and improvisational skills. We emphasize our students to practice on regular as well as classical dance to keep our ancient culture alive. Various types of dance competitions are also organised in our school to maintain the chain of inspiration for such physical activity.

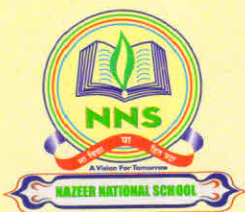

Co-Curricular Activities

CELEBRATION OF SPECIAL DAYS

We do not focus only on bookish curriculum but also on global affairs. We celebrate all international and national marked days to spread theme and message of that particular day. We make our children socially and worldly comerade through such kind of celebration. Environment related days inspire our student to live and work eco-friendly.

Apart from National and international days, we also emphasize the birthday of our children. Children's birthdays are celebrated infront of all students during morning assembly. Each and every student is a valuable gem for us.

Summer Camping & Educational Tour

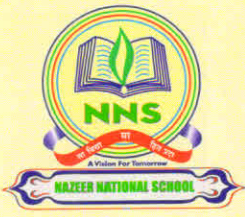

Each year NAZEER NATIONAL SCHOOL organizes a customary 12-15 days summer camp for its students to provide them opportunities and exposure to explore their interests beyond academics and learn new skills to make the most of the lazy and long summer days, thus enhancing their knowledge and experience.

More than 200 students are enrolled every year for different and interesting activities, such as Art, Instrumental, Literary Activities, Western Dance, Folk and Classical Dance, Abacus and numeric Maths, Personality Development and Fair, in which various types of swings are provided for entertainment.

The teachers and mentors have put up engaging acts, giving the students a chance to explore and learn various skills. The ten-day 'Funanza' promises to be a joyride for the students, full of fun-n-frolic, where students will engage themselves in vivid activities and will surely have an amazing takeaway in the form of exploration of hidden talents and interests and also beautiful bonds and memories to be cherished for a long time.

We work on 'LEARN BY DOING'

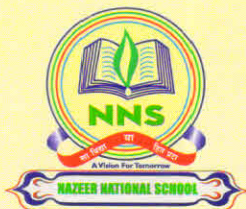

Competitions

To maintain the physical and mental strength of our students is our ultimate motto. Time to time, we organise various competitions to encourage students' inner talent. Through competitions, we try to inspire the students who are introverts and fulfilled with hesitation. Inspiration keeps changes in life, and through physical and intellectual competition, a student inspires the other. We are in such philosophy that said

"A man can do that a man has done."

GAMES & SPORTS

Sports and games are a great way to keep children active and healthy without the need for them to miss out on their academic studies. Moreover, physical activity has been medically proven to increase cognitive and memory functions, which can help children perform better in school.

Students who often participate in sports have higher self-esteem and better social interaction than those who don't. They also have a more positive attitude towards life.

Sports teachers are trained to harness the fun and natural competitiveness of sports to help pupils enjoy games together, get exercise, learn how to play cooperatively and develop self-esteem. Even small words of encouragement from the coach or a goal scored for their team can boost a child's confidence. We also organise Sports Week in every session to organise various types of sports activities.

“BLACK

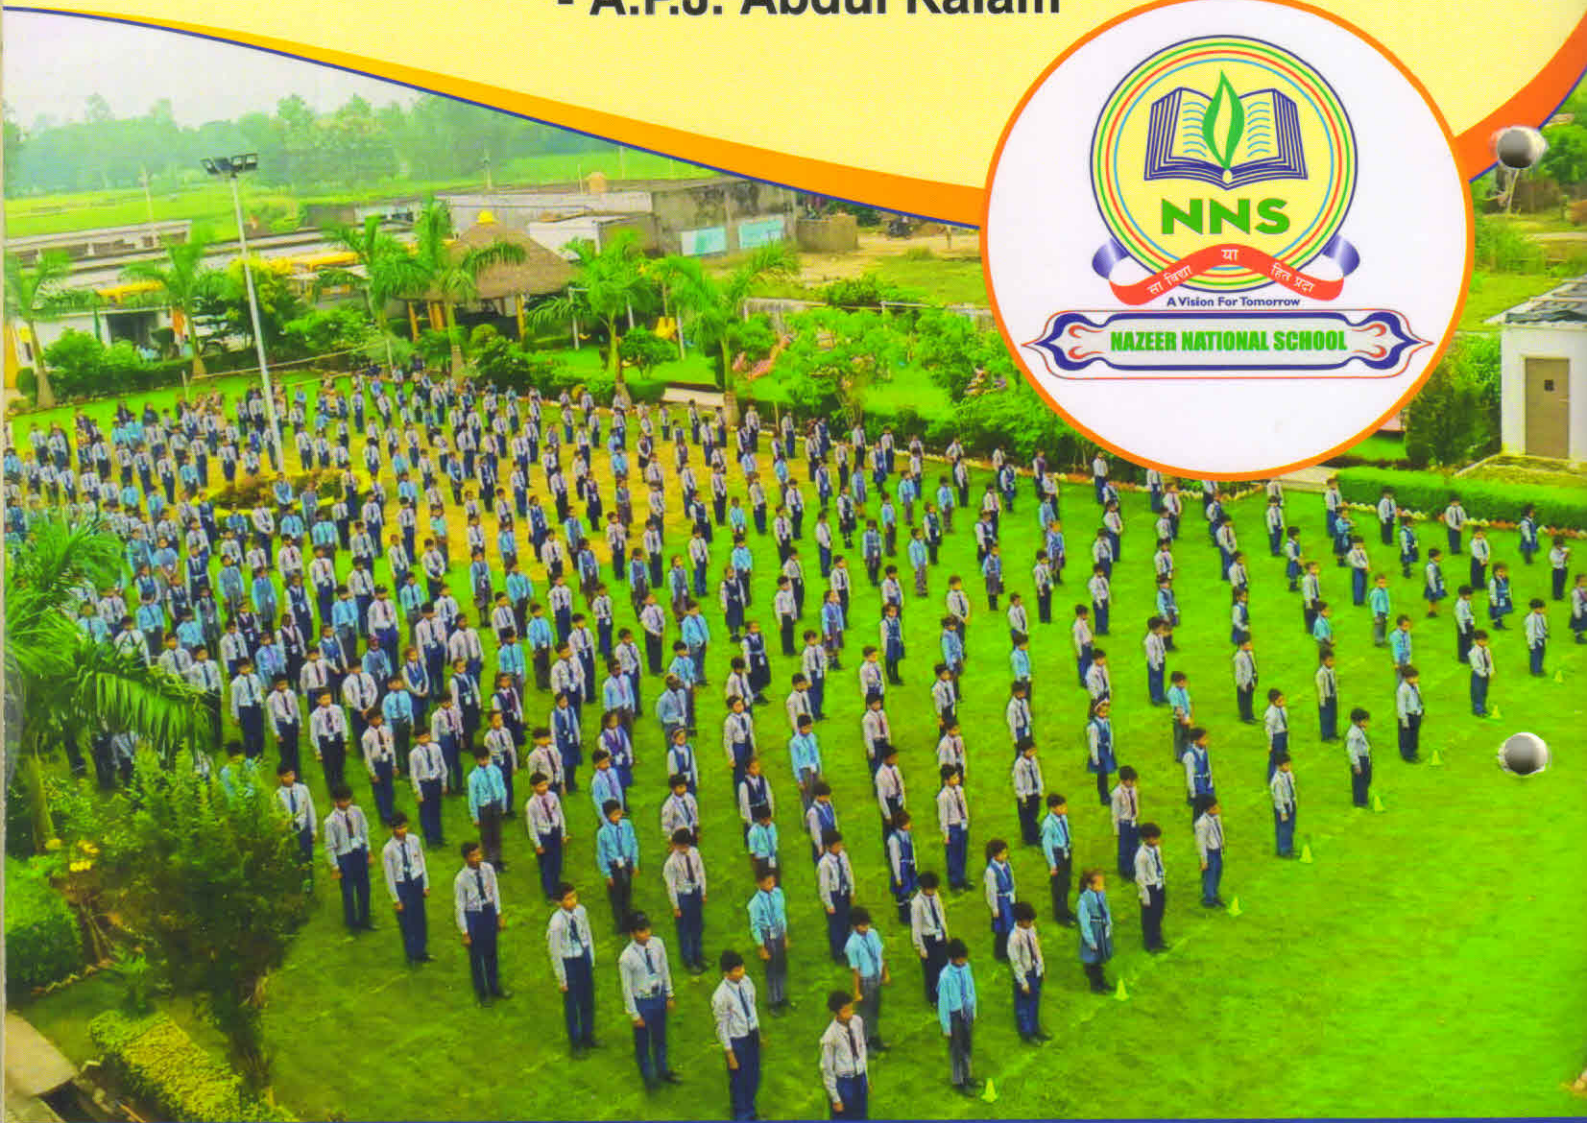

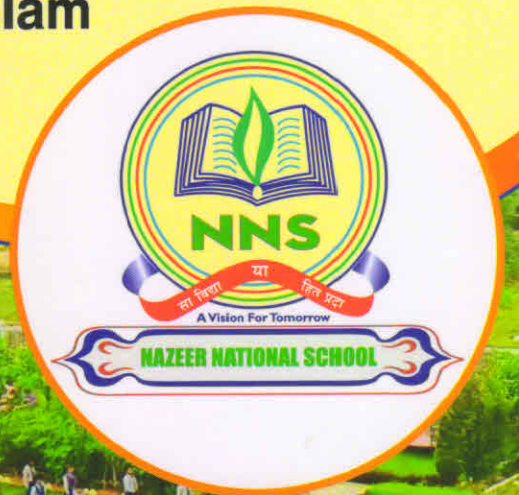

Color is sentimentally bad but every

BLACK BOARD

Makes the student's life

BRIGHT.”

- A.P.J. Abdul Kalam
